

FOR IMMEDIATE RELEASE: March 2019

MCS Announces Sale of Konica Minolta Dealership

GAITHERSBURG, MD – MCS, Inc. MCS announces the sale of their Konica Minolta dealership

MCS announces the sale of their Konica Minolta dealership to Production Print Solutions (formerly MCS Services, Inc.). This was a strategic decision that allows MCS to focus on their core mail manufacturing equipment solutions including industrial inkjet systems, industrial tracking systems and high-speed inserting systems.

After more than 15 years in the business, Production Print Solutions is the ideal fit. Production Print Solutions is the largest third-party maintenance provider for Océ printers and a large service provider for Konica Minolta equipment. Adding the vertical integration of sales of KM printers to their existing Canon sales and service relationship will enhance their position in the market and strengthen their relationship with their customer base.

Please Contact Production Print Solutions directly for all your KM and Océ needs. MCS no longer offers these product lines.
