Raptor Coop

Mobile Controller Cabinet for
Raptor and Perfect Track

Raptor Coop

Mobile Controller Cabinet for Raptor and Perfect Track

The MCS Raptor Coop is a mobile electronic platform designed to allow the Raptor and Perfect Track to be truly modular and protect your investment. The Coop has quick disconnects for all the I/O and storage mounts for the print heads for storage and moving around. The Coop also has positive air cooling and filtration.

Cabinet Holds:

- PC
- Raptor Controller
- Perfect Track Controller
- Network Switches
- Ink Pump and Supply
- Print Head Storage
- Monitor
- Keyboard
- Ink Flush Tank
- All Electronics Quick Disconnect on the Outside
- Rack Mount Compatible

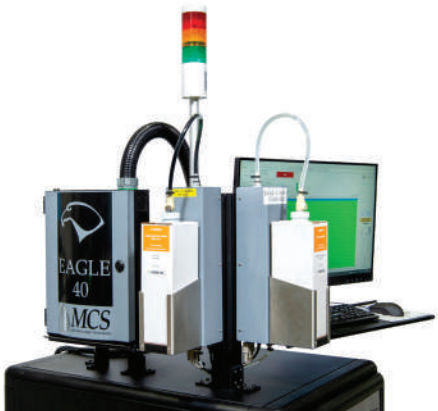

Highlights:

- Quick Disconnect
 - Portable Between Presses
 - Low Maintenance Cost
 - Easy access to replenish ink
 - Keeps wires, cables & ink lines organized
 - Positive airflow provides dust & debris free environment for computer & controllers
 - Each cabinet can hold multiple inkjet heads
- Example:
- Two 4.25" Eagle Inkjets
 - One 8.5" Eagle inkjet
 - Osprey Inkjet
 - Falcon Inkjet

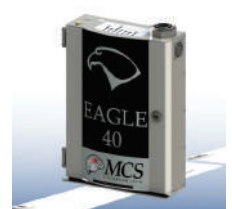

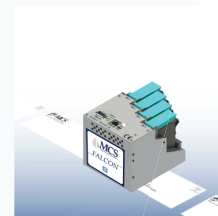

Applications:

- Allows Raptor inkjets to move between machines while protecting your investment

MCS Equipment Supported:

- Falcon
- Eagle
- Osprey
- Perfect Track
